NOTICE FILED DATE: 10/20/2022

RULE SUMMARY: Establishing requirements for use of health care interpreters to implement HB2359(2021).

RULE TEXT:

(1) Except as provided in subsection (a) of this section, a licensee who is reimbursed with public funds shall work with a health care interpreter from the health care interpreter registry administered by the Oregon Health Authority under ORS 413.558 when communicating with a patient who prefers to communicate in a language other than English, unless the licensee is proficient in the patient's preferred language.

(a) A licensee who is otherwise required to work with a health care interpreter from the health care interpreter registry may work with a health care interpreter who is not listed on the health care interpreter registry only if the provider:

(A) Is employed by an education provider that provides education services to children from birth through age 21 and the interpreter is provided by the education provider in accordance with the education provider's requirements;

(B) Verifies, in writing, that the licensee has taken the appropriate steps needed to obtain a health care interpreter from the health care interpreter registry in accordance with the rules adopted by the Oregon Health Authority under ORS 413.558; or

(C) Has offered the patient the services of a health care interpreter from the health care interpreter registry and the patient declined the offer and chose a different interpreter.

(b) A licensee shall give personal protective equipment, consistent with established national standards, to health care interpreters providing services on-site at no cost to the health care interpreter and may not suggest to the health care interpreter that the health care interpreter should procure the health care interpreter's own personal protective equipment as a condition of working with the licensee.

(c) A licensee shall maintain records of each patient encounter in which the provider worked with a health care interpreter from the health care interpreter registry. The records must include:

(A) The name of the licensee;
